Cenocco CC-9020; Rechargeable Foot Care Callus Remover?-Rechargeable

This callus remover is an innovative device created to remove dry skin and hard calluses without grating. It works faster and

is safer than metal scrapers, without the risk of bleeding and injury to the skin. It is easier to use than other methods that

require constant friction to achieve the result. It runs on batteries and its design allows to keep feet in a comfortable position

as it polishes away your calluses easily.
