**Cenocco CC-9061: 2in1 Insect Repellant Light Bulb**

**Cenocco CC-9061: 2in1 Insect Repellant Light Bulb**

Revolutionize your home lighting with the 2in1 Insect Repellant Light Bulb from Cenocco. This LED light bulb produces 1200 lumens of brightness in 9 watts power consumption. Energy-saving and reliable this light bulb has a beautiful modern design. This bug zapper light bulb adopts advanced and latest light-wave technology and electrostatic capture with a built-in insect light trap which is effective in killing bugs, flies, mosquitoes, moths, fleas and another insect. Safe to use and eco-friendly, this bug zapper does not use harmful chemicals and you don't need any bug spray, repellant, and candles that drive off insects but also harming the natural smell and environment of the room. No more zapping wands and insect nets that make it your life tedious in removing those pesky bugs. 100% safe for children and pets. Removing the zapped bugs is so easy to sing the actual zapper has a 45 degrees slope base that slides the dead insect after electrocution. This remarkable bug zapper can be used in indoor and outdoor. Replace your normal light bulb with the 2 in 1 Insect repellant LED bulb and

protect your family from any bugs especially your babies, only from Cenocco.
