**Cenocco CC-9070: Flat Mop with Bucket**

Mopping can be much easier with the Cenocco CC-9070 Flat Mop with Bucket, an enjoyable way to have all the daily chores done as efficiently as possible. This mop with a bucket is designed for multipurpose use and has a self-wash and dries capability that ensures a completely clean floor every single time. The high absorbent mop pads are made up of microfibers, they are safe and gentle on all type of floor and its surfaces. The microfiber pads are thicker and bigger and easy to maintain. No more manual wringing the dirty damp mop and touching the filthy water, the bucket also has a capability for an easy and quick clean up that allows you to wash, and dry under the bucket unit. The bucket has a dual chamber for dry and wet cleaning and attached to the lid is splash resistant and hands-free cleaning mechanism for the mop head. The flat mop has a

slim design that swivel 360° for better navigation into tight corners and hard to reach areas. The mop length is 121 cm which has an easy grip handle and a hang hole for easy storage. The mop unit is collapsible and can be stored inside the bucket. The Cenocco Flat Mop with Bucket is made up of a durable and sturdy ABS plastic and high-grade stainless steel that will surely last a lifetime.
