Product Description and Specification

Grow your plant in a convenient and conducive environment with the Herzberg HG-8002, Walk-In Greenhouse with Windows. This greenhouse is portable and it contains 3 shelves for each side and supported with a high-grade metal tubing. The design provides a suitable environment for your plants to grow healthy while providing protection to the heavy rain, wind, snow, and pests. With a walk in design, this provides easiness of mobility in taking care of your plants and flowers. Screen protected Side windows provides movement of air while the greenhouse is locked. The surface of the greenhouse is covered with transparent plastic, it allows more sunlight to keep plants warm and be good for the growth of plants. Perfect for a backyard, deck, patio, or balcony. Great for at home gardeners, hobby botanists, and horticulture enthusiasts. Ample design accommodates plants, gardening tools and pots, gardening supplies and more.

Features:

The greenhouse has 3 shelves on both sides, this can make the best use of space and places more plants. Weather resistant PE cover with a roll-up door gives you easy access to the Insides. 2 smooth zippers and 1 roll-up door for easy access Durable and sturdy polyethylene (PE)cover for stronger, longer lasting life span. The frame of the greenhouse is heavy duty steel tube and mesh is durable enough to hold your pots, gardening tools and plants. Easy to assemble and no tools required, an assembly instruction sheet is included in the package for your reference. Weather resistant PE cover with a roll-up door gives you easy access to the insides The best environment for your plants to grow healthily Great for giving seeds, seedlings, and young plants an early start.
