Herzberg HG-8025: 10 M Automatic Water Hose Reel with Steel Mount Assemble

Herzberg HG-8025: 10 M Automatic Water Hose Reel with Steel Mount Assemble

Look at the state of your old hose that you purchase a couple of years ago. It may be lying in the sun, all tangled up and it may some damage from the UV ray. Clearly not much of neat way to have your garden hoses. Introducing the Herzberg HG-2025, 10M Automatic Water Hose Reel. This modern and ergonomically design unit hose is neat, tidy and damage free. This water hose has a retractable unit protects it from any season without the kinks and knots. The design is a bit more compact when it is mounted to the wall. Inside this magnificent retractable hose, the unit has spring the hose and a resilient locking system. Using a top quality mechanism, pulling out the hose is nice and smooth that locks into place by the locking systems and it springs back magically when you give a little sharp short pull, releasing the locking mechanism from an easy winding. The unit comes with a preassembled with end fitting so its fast to get connected once fixed to the location and a premium hand spray nozzle is also included. The main unit is connected to your preferred wall location and can swivel 180 degrees. Made from well-made quality products and basically already assembled. Strong and sturdy from the hot sun, water from the rain a and freezing snow. The fitting has a unique design that gives maximum strength and long term leak prevention. The

watering accessories are practical and durable that will surely last a long time. The perfect aesthetic for garden and also in the garage. Can be used to clean window pane, cars and of course water those lovely plant.
