KW-11PCS

Kraf TWorld Professional-line KW-11PCS; Heavy Duty Vehicle Tire-Nut Wrench 11PCS

Is your normal wrench is not able to do the job on some stuck lugnuts, you really need to ramp up your torque? Introducing

the KrafTWorld Professional-line 11PCS Heavy Duty Vehicle Tire-Nut Wrench torque multiplier set includes a high-grade set

of handle and wrench attachments, as well as the protective carrying case. The purpose here is to give extra leverage on

tight bolts where a conventional tool is not going to give you the power you need to loosen them. An important part of any

professional toolkit, especially when working with cars and construction.

This heavy-duty vehicle tire wrench is a torque multiplier lug wrench that outputs at a 1:58 ratio, allowing you to generate

enough force to loosen and remove any lug nut from your truck, trailer, RV, bus, tractor or other heavy-duty vehicles. This

heavy-duty lug wrench is made of cast iron and is so solid and durable.

Features:

Can be used to disassemble various kinds of truck tires the easy way.

Perfect tool for trucks, RVs or any other heavy duty vehicles

Extended torque for hard to turn bolts.

Everything included in a package.

Comes in a durable plastic case for easy travel.
