KW-18V

Kraf TWorld Professional-line KW-18V; Lithium-ion Cordless Drill set

The Kraf TWorld Professional-line Lithium-ion Cordless Drill set is a drill and driver with rotating dual purpose handheld unit

that let you hold multiple bit pairing and get work done twice as fast with half hassle. Get ready for a faster, more enjoyable

DIY experience with the innovative cordless drill. Packed with a 18V power it helps you drill like a pro thanks to the fast

gearing that delivers the power you need to tackle any project with ease. to the 2-speed gearing that delivers the power you

need to tackle any project with ease.

The compact and lightweight of this cordless drill set is equipped with precise electronic torque control which prevents your

screws from stripping and eliminates any potential damage to your work surface or materials. The keyless chucks can be

loaded with the bits you need to effectively tackle your project. No more fumbling around for loose keys. A variable-speed,

reversible motor delivers enough power to handle most drilling, driving or fastening jobs around the house. Variable 2-speed

design (0-450 rpm and 0-1,600 rpm) for a wide range of drilling, driving and hammer applications, allowing users to make

precise torque adjustments and to choose the level of performance needed for various applications.
