Master Kraft by Cenocco CC-MK005: Force Multiplier

Master Kraft by Cenocco CC-MK005: Force Multiplier

The Master Kraft CC-MK005: Force Multiplier from Cenocco the professional effort saving wrench, designed to easily loosen truck tires lug nut or car tires using less labor that can accomplish sufficient output torque without the need of compressor and impact. This torque multiplier provides a surmountable amount of force to give leverage while the regular tools are not providing enough power to loosen them, thanks to the big trans-ratio. Constructed from a premium-grade steel alloy heat-treated to provide remarkable strength and durability. This compact, easy to carry simple machine is portable and come with a sturdy molded blow case. Perfect for differentials, suspension fasteners, lug nuts, frozen nut or bolt applications, and more.

Features:

Professional toolset for complicated lock lug nuts Remarkable strength & durability Heat-treated premium-grade steel alloy Big trans ratio for maximum torque output Provide extra leverage with less effort Blow mold case with handle for storage Loosen and removes lug nuts from a vehicle with ease Anti-slip hand crank Portable and easy to carry Perfect for trucks and construction 3 Sockets in each set: 17mm, 19mm, 21mm

Specifications:
