Royalty Line RL-ES1014M: 14 Pieces Marble Coated Cookware Set

Royalty Line RL-ES1014M: 14 Pieces Marble Coated Cookware Set

The Royalty Line RL-ES1014M cookware set is a high-quality product with several useful features. The marble coating on the aluminum base is a durable and long-lasting option, and the anti-bacterial shell can help keep your cooking surface clean and healthy. The nonstick surface is also a useful feature that can make cooking and clean up easier. Additionally, the firing process used to create the outer cover makes it tougher and more resilient than standard coatings, which could mean that this cookware set will last longer than other options on the market.

Pre-conditioning of your cooking:

By removing all labels, wash gently and rinse your cookware with mild detergent and water. Afterward, dry your cookware with a soft cloth. Then condition the pan with a little vegetable oil and wipe off the excess. Periodic conditioning can maintain the performance of your non-stick cookware.

Features:

14 Pieces of cast aluminum marble-coated cookware set Without changing the casseroles, prepare your food on fire then throw it into the oven without changing the casserole. Use removable silicone handles if you can't handle tough hot situations. Because of their naked handles, these casseroles are highly preferred by professional chefs in the gourmet industry.

Start turning the fry pan handle and voila, the pan is ready to go into the oven. Creativity meets with practicality Durability, Resistance & Non-stick Oven-Ready Handles Two pairs of silicone handle protector Induction base Hign long-lasting marble coating Non-stick coating Outer body: Cast Aluminum Inner body: Non-Stick Marble Coating Induction compatible bottom Dishwasher safe Compatible Stove: Gas, Electric, Ceramic, Halogen, Induction
