Royalty Line RL-ES2014M: 14 Pieces Marble Coating Cookware Set

Royalty Line RL-ES2014M: 14 Pieces Marble Coating Cookware Set

You will enjoy years of use and sustainable design with this premium 14-piece marble cookware set from the Royalty-line. It is healthier to cook on marble tiles. Standard nonstick pans are typically constructed of Teflon fabric and contain the chemical PFOA. This material gets unhealthy when it grows too hot. This is not the case with the marble tiles of Royalty

Line. These pans are strong and won't wear out easily because they can withstand moderate heat. Very little is needed in these pans. Burning your hands is also a thing of the past thanks to the pans' rubber grips on the handles, which make cleaning them simple and safe. The pans are appropriate for use with gas, electric, ceramic (halogen zone), and induction hobs.

Features:

Use removable silicone handles if you can't handle tough hot situations. Because of their naked handles, these casseroles are highly preferred by professional chefs in the gourmet industry. Without changing the casseroles, prepare your food on fire then throw it into the oven without changing the casserole. Start turning the fry pan handle and voila, the pan is ready to go into the oven. Creativity meets with practicality Durability, Resistance & Non-stick Oven-Ready Handles Two pairs of silicone handle protector Induction base Hign long-lasting marble coating Non-stick coating Outer body: Cast Aluminum Inner body: Non-Stick Marble Coating Induction compatible bottom Dishwasher safe Compatible Stove: Gas, Electric, Ceramic, Halogen, Induction
