Use & Care Instructions: Please ensure to wash your non-stick knife with washing liquid and sponge (do not use metallic or hard side of the sponge) before its 1st use. Non-Stick Coating knives are not recommended to be washed with a dishwasher. Please wash it with your hands using warm water, soft sponge and washing liquid. Rinse it and dry it well before storing in cutlery tray or knife block. Do not use cutting hard vegetables, hard fruits, meat with bones and frozen food. Do not wash it in the dishwasher. Do not drop the knife on hard surfaces like; floor, sink, flatware, etc. Do not touch the ceramic knife on fire (ceramic material conduct heat). Do not use the ceramic knife to smash hard food (ex: garlic).

Sharpening: Sharpening steels can be used to sharpen when it's needed. Be careful not to damage the coating. Do not use electric knife sharpeners and hones that may damage the coating. Do not use it for carving and boning as these actions apply pressure on the knife.
