Schwartzmann AG-2350SP; Compact angle grinder

The small 2350-watt, 230-mm diameter AG-2350SP compact angle grinder is suitable for occasional work with stone, metal or even plastic.

With different types of discs, you can opt for grinding pipes, cutting materials or grinding welds. The angle grinder turns and rises. You'll appreciate an ergonomically shaped handle that you can position or a fan that prevents the motor from overheating (extending its life).

Parameters: Power consumption.

230-240 V / 50 Hz
